

WESTERN AVENUE RIVEREDGE

The southern bank **1** is leased by the Metropolitan Water Reclamation District to the Chicago Park District for the purposes of establishing a boat launch and to restore habitat. The bank directly north of the canal **2** is owned by the City of Chicago as part of the Boulevards system.

The vegetation on both sides of the Canal has a wild, overgrown quality with large tree canopy, an uncommon feature along the Sanitary & Ship Canal.

Western Avenue Riveredge

ADDRESS 3100 S Western Ave
OWNER Chicago Park District, City of Chicago
ACREAGE 2.80

HABITATS **1 2** Potential Habitat

DIRECTIONS For the south bank: when traveling north on Western Avenue, before you rise to cross the bridge, take an small road on the west side that says "no outlet." Follow it north to a fenced lot that says "contact the Metropolitan Water Reclamation District police for access." Public access is restricted until improvements are completed. The north bank is not accessible.
